Museum:

Before I begin, I have a personal note for all of you. I have changed my availability on all 3 of my jobs and here are the reasons for it. Also, this is a win, win, win, win for all. I have shifted my days off to Fridays & Saturdays. They are short staffed midweek at the Needle. The Movie theater is picking up on the weekends. And I do not need to request off so many times to work at the museum.

A museum article has been submitted for the Mountain Echo. Thank you, Lynn, for this.

The properties committee was moved and was unable to change my work schedule for that.

I will submit the FMSAA museum budget on Nov 15th. This will be robust budget for the museum with the underlying mission of telling the story of Fire Mtn.

I spoke Infront of the Lodge during dinner to say who I am and what we are working on for the museum.

The museum attendance for the Fall Fellowship was 49. We have had over 750 people go through the museum so far this year. The top 3 are.

250 Cub Scout Adventure Day

244 Conclave

116 Memorial Day Family weekend

2022 will focus on larger events rather than work party weekends.

The museum letterhead has finally arrived at camp. It looks great. This was a donation from me.

The museum will be open from noon to 5pm this Saturday for Halloween Camp. Will be in the museum from 11-6pm to do some work.

The museum link will have an updated museum dates for camp. Also, an updated dates are outside next to the entry door of the museum that are posted.

Pat Smith will be giving me a ride that day. Thank you, Pat.

I am working on putting together a 50th anniversary exhibit. This will be on display over 1 year.

We are working on the Lodge Chief & Lodge Advisor list.

TV, printer, copier, and computer are now communicating with the camp internet. Thank you, Jon Gross, for the downloaded and updated the Microsoft Software for the computer. The computer has power point. We can now play DVD's on the computer and show it on the TV.

Steve Maurer inputted and inventoried the 3 artifacts that are in the dining hall. We need that info into the artifact inventory so we can make permanent placards for them.

They are the following items

The Fire Mt. art mural.

The 1985 Jamboree totem pole.

The Fire Mt. fight song that is not the white board.

Will do a sign order for the this with the historic trail signs.

Oral history about Fire Mt. Will like to do some interviews in February but need video equipment for this. Working on a list. Any ideas on this?

Talked to a few Arrowmen from the Quilshan regarding blankets & Head dresses. I have asked the Sean Connell on this. Also note that all items belong to the Lodge & Council property. I am taking baby steps for this.

Alumni Communications: Wendy is working on writing articles.

50th anniversary event: it is time to get the ball rolling to get the event planned.

Council Auction: November 13th is the council auction

Merit Badge extravaganza: discussing restarting the extravaganza

Spring Work Party: Let' plan on hosting the April 9 th work party weekend.

Fund raising and Membership Drive: how do we re-connect with people. Jolynn discussed need for us to reach out to last summer's camp staff to let them know they are alumni. Dave suggested sending them all a letter and invite them to join and participate.

Meeting adjourned.
