

Fire Mountain Staff Alumni Association

Board Meeting: April 17, 2023

In attendance: Dave Henrichsen, JoLynn Garrett, Bob Dybing, Mike Lowry, Brian Bianco, Kyle McCaffery, Cari Burdett

Treasurers Report – Big item: Scott does not yet want a check for the display cases until work begins in the fall. \$4k in the kitty now. Let's continue fund raising. JoLynn suggests holding out one of our old scouts on the corner. Other item: Kevin & Sven & Lynn talked over museum account. Alumni will not be putting additional funds into the account.

Old business: Status of the crew? No action for now.

How to support summer camp staff? Eagles nest furniture. Brainstorming for new ideas.

First round of staff interviews have taken place. A handful of excited new people. One with good mountain biking experience. So hopefully can run it all program, not just at badge times. Need some key people, of course: Cook, Biz manager, Shooting Sports/Archery. Need to balance one to one adult to youth ratio to run program (50% over 18 required).

Week one is only two troops so far. Offerings may change: some day camp format eagle required merit badges (LOVE THIS IDEA). Cancelling week one is a possibility, too.

Donations to medic office – often it's odd or worn or unusable. How can we service the medic's office: current fridge is old. Fire dept approved that medic can live in that space. Fake window = TV. Better bed?

Spring alumni gathering? Memorial day family camp did not happen.

5/21, 3:30pm: Silver Beaver awards court of honor (alumni); could alumni support with a dinner? Dave says yes. Sean and CK?

Spring program events are going: Dragon egg hunt

FMSAA meetings: June, July at Pie Night, Meet in August?

Alumni night at camp and spends the night and engulfs younger staff with camaraderie
